RESEARCH INTERESTS

Large Language Models, Information Extraction, Natural Language Processing

EDUCATION

Shandong University, Weihai, China

Bachelor of Computer Science

09 2021 — 07 2025

Cumulative GPA: 88.14/100

ACADEMIC EXPERIENCE

Jmcauley Lab

Internship

UCSD, USA

07 2024 — Present

- Focus on evaluating the red-teamings for breaking the guardrails of LLMs.....

Natural Language Processing Lab

Research Scholar

Shandong University, China

05 2023 — 07 2024

- Investigate the field of Named Entity Recognition and Relation Extraion, including paper reading and experiment execution.
- Conduct experiments to verify the effectiveness of the proposed idea and model structure, which is basically based on Diffusion Model to realize relational triple extraction.
- Focus on paper writing and accumulate additional experiments.

Computational Law System AI-based Lab

Team Member

Shandong University, China

12 2022 — 04 2023

- Scrape 11,000 comments containing specific keywords 'Confucius Institute' on Instagram.
- Information annotation of legal documents based on the Doccano Platform for information extration data sample.

PROJECTS

WeStudy Study Room Management System

Team Leader

Shandong University, China

02 2023 — 05 2023

- Design the system based on software engineering principles.
- Develop frontend, backend, and WeChat mini program based on Vue and Spring Boot.

PUBLICATIONS

Conference paper

2024

- IPED: An Implicit Perspective for Relational Triple Extraction based on Diffusion Model, NAACL 2024
